

# Your Food Guidance

## ***Food & Life Recommendations***

### ***To do's:***

- Eat 3 main meals a day: breakfast, lunch and dinner.
- One side of your plate should be fruits & vegetables.
- One side should be proteins.
- Eat wholefoods and organic foods.
- Drink 2.5L of water a day.
- Drink more than 2.5L of water a day on exercise days.
- Try to have a maximum of two snacks a day: protein bar, fruit or berries.
- Invest in weight-loss supplements.
- Include friends, family and work colleagues into your weight-loss goal.
- Get enough sleep: Men = 8 hours / Women = 9 hours.

### ***To Avoid:***

- Avoid exceeding the amount of calories your body needs.
- Avoid putting yourself in situations where you can not control yourself (parties, cafes etc...).
- Avoid added sugar, processed foods & sugar-filled drinks.
- Avoid alcohol.
- Avoid pastry.
- Do not eat less than 1,200kcal a day without speaking with your doctor first.

# Your Plate Portions

**In the picture, I am recommending the following:**

- one side of your plate should be foods that are your fruits, vegetables or of that nature.

- one side of your plate should be foods that are high in protein.

\*please use a human-sized plate.

**Portion / Measurement terms for the diet guidance on page 4:**

Any number between 1 - 10 means the amount (i.e. 10 berries or 2 eggs).

*Half* means about half the amount... (i.e. half an avocado).

*Hand long* means approximately the length of your hand, from wrist to fingertips.

*Can* means tin or can of... (i.e. 1 x 3.5oz can of sardines).

*Cup* means approximately 1 cup or half a standard mug.

*Tbsp.* means tablespoon.

# Foods To Love
